

Temporary Traffic Control Permit

A Temporary Traffic Control Plan shall be submitted to the Department of Public Works and Transportation and approved prior to any construction in the City's right-of-way within the City of Arlington. **The application must be submitted to the receptionist at 101 W. Abram St, Arlington, Texas, 76010.** Work in State's right-of-way must be submitted to TXDOT for approval prior to City approval. For more information about the State's right-of-way, call 817-370-6526.

Temporary Traffic Control Plan Checklist

1. Work area location map with nearest major intersection(s), including:
 - Work area defined.
 - North Arrow.
 - Streets identified by name, number of lanes, median or left turn center lane, sidewalks, ditches and bridges, as appropriate.
 - Indicate location of Flagman, if required.

*Note for Contractor to comply with the **City of Arlington Work Area Traffic Control Manual**.
*Note of \$500/day fine for failure to comply.
2. Drawings on one of the following standard sheet sizes.
8 ½ x 11" or 11"x17"
3. Drawings to be straight with legible printing.
4. Use standard Temporary Traffic Control designations per - part 6 of the TMUTCD.
